How it works:

Gather your family, friends, and co-workers to participate in a crazy, fun adventure! Teams will complete a wide variety of challenges in the Fresno area. Travel between locations must be provided by the team... not Kids On A Mission. The goal is to complete all challenges and return to the final location before all other teams! The first team to make it to the final location will win a prize worth more than the entry fee! Come dressed as a team. Be prepared to tell us your team's name when you register on our website.
